

"SWEETEN" YOUR EVENT WITH ANDY'S ICE CREAM SERVICE....

Add a unique flavour to your event, be it a wedding reception, party, or corporate event, by having your guests indulge over a scoop — or two — of one of the country's finest brands of ice cream. Our catering service is all about enhancing the experience for your guests, because we believe that special events ought to be punctuated with unique, memorable moments.

SERVED WITH STYLE..

Your guests will be in for a treat when their dessert will be arriving in a stylish 1940's-style ice cream bike or classic Victorian cart. Dressed in traditional boater and aprons and fully trained in food hygiene, our warm and welcoming serving staff will treat your guests to rich, luxury ice cream or sorbet from our impressive selection of flavours.

A REFRESHINGLY UNIQUE ALTERNATIVE..

Why settle for the all-too common dessert on a plate or tray when you can have ice cream — a dessert enjoyed by many — served in a cone. A great alternative or supplement to traditional dessert servings, our service will no doubt leave a lasting impression on your guests — and on their taste buds!

CHILDREN'S PARTIES

What better way to add to the fun and excitement at children's parties than to serve delicious soft-scoop ice cream for dessert! We all know that children love parties and ice cream, so why not combine the two?

WEDDING RECEPTIONS

Mark your wedding with something special that will get your guests talking long after it's over. Whether you're a wedding planner or upcoming bride or groom, we can help you add that finishing touch to your wedding with an ice-cream catering service that's like no other. The children will swarm our serving staff, and the adults will politely follow.

Our 1940's-style bike will give you and your guests up to 8 delicious ice cream and sorbet flavours to choose from, whereas our equally impressive Victorian cart will provide up to 10 flavours. Both bike and cart can be decorated with your favourite flowers, colour scheme, and ribbons.
